ECOLOGICAL DYEING PROCESS

BY SANTANDERINA

Ecolandye

ECOLOGICAL DYEING PROCESS
BY SANTANDERINA

A new efficient and responsible way to explore with new colors and wash effects.

Sensible chemical useds

Sensible to bleach with hypochlorite sodium

Sensible to laser effect

Sensible to enzyme wash

IN COLLABORATION WITH:

100%
Formaldehyde

free
finish

MAXIMIZES
FABRIC PROPERTIES

MORE INTENSITY OF COLORS
MORE PERFORMANCE
MORE ECO-SUSTAINABILITY

MINIMIZES
ENVIRONMENTAL IMPACT

-20% WATER REDUCTION
-40% ENERGY REDUCTION
MINIMIZES WASTEWATER

*compared to conventional dyeing processes.
